PHILLY BY DAY – THE CONSTITUTIONAL WALKING TOUR

www.theconstitutional.com/group

Since Philadelphia is best seen by foot, The Constitutional is the best way to explore America's Birthplace, taking you behind the scenes to the places where other tours cannot venture. Get up close with a High-Definition Historical Experience and see more than 20 historic sites in 75 minutes on a 1.25 mile outdoor walking journey, including the Liberty Bell and Independence Hall. (Note: this can also be offered during the evening.)

The Chicago Tribune said:

“No visit to Philadelphia is complete without taking a Constitutional Guided Walking Tour, a 75-minute, mile and a quarter stroll that puts 15 historic sites, from Independence Hall to the National Constitution Center, and Ben Franklin, in perspective.”

SCAVENGER HUNTS

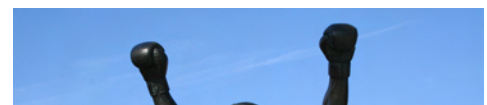

Our Historic Philadelphia Scavenger Hunts are a great team building activity and fun way for students to get to know each other. We provide a list of clues related to the sites in and around Historic Philadelphia/Old City. The teams would have 60-90 minutes to find the answers to the clues and then would meet up with the History Hunter again at the end to learn the results - we even have cool prizes for the winning team!

YELLOW FEVER TOUR

Experience our Yellow Fever Tour. Inspired in part by the real-life Yellow Fever Epidemic of 1793 and the historical fictional account in the book "Fever 1793" by Laurie Halse Anderson, The Constitutional's new Yellow Fever Tour is a walking journey through Old City Philadelphia featuring the stories, sites and circumstances of the evil epidemic which killed nearly 5,000 people. Contact us for pricing.
